

AMENDMENTS TO THE ABSTRACT

Please replace the Abstract filed March 28, 2005, with the following Abstract:

--Disclosed are anti-microbial composition, a washing machine including parts manufactured by the same, and a drum washing machine including a stand manufactured by the same. The anti-microbial plastic composition includes 99.0-99.7% of polypropylene and 0.3-1.0% of an anti-microbial master ~~patch~~ batch, the anti-microbial mater ~~patch~~ batch having 90% of polypropylene and 5% of isothiazolin compound, and 5% of inorganic compound or 89% of polypropylene, 5% of isothiazolin compound, 5% of inorganic compound, and 1% of silver compound. The isothiazolin compound comprises ~~4,5-dichloro-2-N-octyl-4-isothiazolin-3-one~~ 4,5-dichloro-2-N-octyl-4-isothiazolin-3-one of chemical ~~fformula~~ formula 1 and ~~2-N-octyl-4-isothiazolin-3-one~~ 2-N-octyl-4-isothiazolin-3-one of chemical formula 2 at a ratio of 4:1. The inorganic compound is zinc oxide. The washing machine in accordance with the present invention includes the anti-microbial plastic composition, and parts manufactured by the same such that the germs and fungus are prevented from being generated thereof. The drum washing machine in accordance with the present invention includes a cabinet divided into two drawers at the stand thereof.--
